Respected Sir,

Sub: Clarification for Non Obligated Entity for RPO Compliance against Suo-Motu proceedings for verification for the year 2010-11 to FY2013-14. Case No. 101 of 2017

Ref: Your Notice dated 23/06/2017, reference No. MERC/case No.101 of 2017 / 2017-18. / 3194

This is to inform you that we have installed FO based 4+3 MW DG sets at our plant long back in 1998. We are utilizing DG set facility as Standby since 2008 and for emergency backup purpose only.

So as per RPO Regulations 2016, we are exempted from the RPO and we are not the obligated entity.

For the year 2010-11 to 2012-13, we have submitted a certificate dated 23/04/2013 from Electrical Inspector, Kolhapur, based on that the working committee in case No. 49 of 2013 has already recommended to Commission for exemption and confirmed that we are not an obligated entity, a copy of the report in this regard is attached for your reference, Further note that for the year 2013-14 our total standby generation share was only 0.8%.

Also In addition to this, we have submitted an undertaking to MERC on 26/03/2016 stating the use of DG sets as Standby use and falls under the exemption as provided by proviso to regulation 5 of the said regulation and hence not the obligated entity.

With reference to your above said notice, we met again to concerned officials of Electrical Inspector Office and MSEDCL Office, Kolhapur and requested for Certificate of Standby use and submitted letters to them.

Due to non receipt of guidelines to them, we may not be able to get the required certificate in stipulated time, i.e. before 10th July 2017.

EUROTEX INDUSTRIES AND EXPORTS LIMITED

Plot No. E-23, MIDC, Gokulshirgaon, Dist. Kolhapur - 416 234. Maharashtra (India)

Telefax : 0231 - 2672195
Phone : 0231 - 2672353, 2672364
E-mail : kpr_eurotex@bsnl.in

In case, if you have a copy of guidelines please forward the same to us as well as to the office of MSEDCL & Electrical Inspector office, so we can approach them for the certificate.

Further we are submitting the following documents in this regard.

1. A copy of letters submitted to Electrical Inspector and MSEDCL requesting for Standby use certificate from Elect. Inspector or MSEDCL.
2. Copy of working committee report dated 25/02/2014, formed under case No. 49 of 2013.
3. A copy of Baseline Energy Audit report conducted by M/s Zenith Energy Services Private Limited, Hyderabad through BEE, Delhi
4. Copy of Annexure A duly filled.
5. Copy of Undertaking dated 26/03/2013 against earlier Suo-Motu proceedings in case No. 49/2013.

Now we request you to kindly go through the supporting documents, which are self explanatory clarifying that we utilize Captive Power Plant facility only for standby back-up power generation and fall under exemption as provided by proviso to regulation 5 of the said regulation, 2016.

Therefore, we are non- obligated entity under RPO, which please be noted and correct the records accordingly.

This is for your kind information.

Thanking you,

Yours faithfully,

For Eurotex Industries and Exports Limited

The Electrical Inspector,
Paga Building, 1st floor, Bhavani Mandap,
Kolhapur

Dear Sir,

Subject: **"Certification for Inspection of CPP use as standby"**

Ref. Notice from Maharashtra Electricity Regulatory Commission, MERC case
No.101 of 2017/2017-18/3194 dated 23/06/2017.

In this connection, MERC is under the process of RPO, its compliance and implementation. Under this compliance the Obligated entities of CPP holders and Open access consumers are required to purchase some quantum of renewable sources like solar and Non solar w.e.f. 7th June 2010, however CPP holders in case of Standby (or emergency backup) are exempted from RPO.

We are a CPP holder but are using the **CPP as a Standby since many years and for emergency back up** only. We are not using the CPP for captive purpose nor exporting the energy from the CPP to the grid, in the past or present.

Hence as per the condition under regulation 5.1 of RPO regulations 2016, we are exempted from the RPO and hence we are not a 'Obligated Entity'.

As a part of legal compliance, MERC has directed us to furnish our reply along with certification from Electrical Inspector.

Therefore, we request your goodselfs to verify the above conditions as per our monthly Electricity Duty challan submitted for the year 2013-14 and give us a certificate of verification of CPP use for Stand by purpose only and not exporting the energy from CPP for 2013-14. Also note that during the year 2013-14 our consumption of DG set generation is only 0.8% for whole year, which is self explanatory that DG sets are used as standby.
