With reference to above your letter, which is marked to both of our Unit No. I & II, our submission for the subject is as follows,

Unit I: - Our Unit I, having grid connected 'cogeneration CPP' plant of capacity 4.8MW. Unit I consumes own generated power from CPP as a captive consumption.

Unit II: - We are generating captive power from our 'cogeneration CPP' which is at our Unit I & Unit II is consuming power from our own 'Cogeneration CPP' though open access to fulfill the criteria of CPP to consume 51% of own generated power.

3. As per RPO Regulation 2010, we are not following in the category of 'Obligated Entities' being having a Cogeneration Facility.
4. APTEL has given an exemption from RPO for Co-generation CPPs.
