Dear sir,

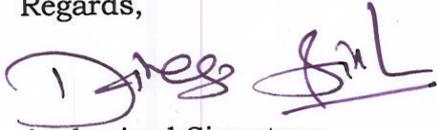

With respect to the above subject, we would like to submit our responses as below.

- 1) For the year FY 2010-11 & FY 2011-12 – We were not open access consumer and hence did not come under obligated entity. The same has been accordingly reported by MEDA in Annexure A (Attached herewith for your ready reference)
- 2) For the year FY 2012-13 – We were open access consumer from Feb 2013 and hence RPO compliance done and submitted to MEDA in time. The same has been accordingly reported by MEDA in Annexure A.
- 3) For the year FY 2013-14 – We were open access consumer and hence RPO compliance done and submitted to MEDA in time. We checked Annexure A reported by MEDA, which shows cumulative shortfall of 0.0877 MU. This has happened due to calculation error at our end while submitting quarterly compliance to MEDA.
- 4) We hereby confirm that shortfall of RPO will be fulfilled by purchasing RE certificates as soon as the trading for RE procurement starts.

After procurement of shortfall RPO, we will submit reconciled Annexure A with all the RE certificates and Energy Bill.

This is for your kind consideration please.

Regards,
