Dear Sir,

In reference to the above subject matter and RPO Regulation 2010, we would like to draw your attention to the below mentioned Regulation 5.1 (a) of the RPO Regulation 2010 and state that the Company does not fall under the category of obligated entity as the Company has installed Four (4) Diesel Generators [registration no. E/ST/287 (i) (1500kVA), E/ST/287 (ii) (1500kVA), E/ST/287 (iii) (1500kVA), E/ST/287 (iv) (380kVA)] totaling to a 4880 kVA of captive generating plant facility and these Diesel Generators are not a grid connected captive generating plant and are used for emergency power back-up only.

“Regulation 5.1 is applicable to Obligated Entities wherein the minimum percentage as specified under Regulation 7.1 shall be applicable to all Distribution Licensees in the State of Maharashtra as well as to open access consumers and captive users within the State of Maharashtra, subject to following conditions:

- (a) *Any person who owns a grid connected Captive Generating Plant with installed capacity of 1 MVA and above (or such other capacity as may be stipulated from time to time) and consumes electricity generated from such plant for his own use; shall be subjected to minimum percentage of RPO to the extent of his consumption met through such captive source.*
- (b) *Any person having a contract demand of not less than 1 MVA and who consumes electricity procured from conventional fossil fuel based generation through open access per Section 42 (2) of the Act shall be subjected to minimum percentage of RPO to the extent of his consumption met through such open access source.*

Provided further that condition under sub-clause (a) above, shall not be applicable in case of Standby (or Emergency back-up) Captive Generating Plant facilities.” And sub clause (b) We have never procured electricity Fossil fuel based generation through open access.

Sub : - Certification for DG System (Captive Power Generation) not connected to MSEDCL grid, it is only for emergency back-up.

Dear Sir,

As per Renewable Purchase Obligation (RPO) manual and meeting with Maharashtra Energy Development Agency (MEDA) we need to submit certificate from Electrical Inspector that our DG System (Captive Power Generation) not connected to MSEDCL grid, same is for only emergency back-up purpose.

We have following Diesel Generators with Registration No. :

- 1) 1500kVA : E/ST/287(i)
- 2) 1500kVA : E/ST/287(ii)
- 3) 1500kVA : E/ST/287 (iii)
- 4) 380kVA : E/ST/287 (iv)

Above Diesel Generators are not connected to MSEDCL grid and same are used for emergency back-up purpose.

Request to issue certificate accordingly to submit MEDA with other documents.

Best regards,

For Tata Cummins Ltd.,
