Comments:

1. The category of our project does not fall under open access consumer we are self-generating and self-consuming i.e. captive consumers.
2. Since the source of power is wind the project is categorized under non-conventional (i.e. Renewable Energy Source) as per clause 5.1.b of MAHARASHTRA ELECTRICITY REGULATORY COMMISSION (RENEWABLE PURCHASE OBLIGATION, ITS COMPLIANCE AND IMPLEMENTATION OF REC FRAMEWORK) REGULATIONS, 2010 the open access Obligated Entity defined as "Any person having a contract demand of not less than 1 MVA and who consumes electricity procured from conventional fossil fuel based generation through open access as per Section 42 (2) of the Act shall be subjected to minimum percentage of RPO to the extent of his consumption met through such open access source."
3. So on account of power being from non-conventional power based source, we are exempted from the RENEWABLE PURCHASE OBLIGATION.
4. Kindly make the note of the same in your records and revert with acknowledgement of exemption.
