- 1)Y.O.L MERC/Case No.101 of 2017 /2017-18/3245 dtd.23 June 2017.
- 2) Our office letter to Kranti sugar/Engg/565/17-18 dtd. 30/06/17.
- 3) Letter from MEDA Ref :- MERC Case No.101 of 2017 /CR-01/2017-18/BP/2932 dated 11 July 2017.

Respected sir,

With reference to above cited subject, we have to say that we are having 13 MW (6.65MW Exportable) bagasse based Co-generation plant which was commissioned on 16/02/2010. After Expansion of our sugar plant in season 2012-13 our Co-generation plant Capacity became 19.70 MW (10 MW Exportable) which was commissioned on 21/01/2013.

As per reference letter No.1 from Your good self office, We are having Grid connected CPP having Co-generation plant and we are generating the power by using Renewable Energy, which is used for our sugar plant and Excess Power Exported to MSEDCL.

Regarding RPO Obligation of our Co-generation plant we have already intimated to your good self office with necessary documents vide above reference letter No.2 that our Co-generation plant is falls under Grid connected CPP having co-generation facility and falls under Exemption category.

**As per discussion with your good self Now we are submitting Certificate from MEDA that our Co-generation Plant is falls under Exemption category for RPO Obligation.**

This is for your Kind information and further necessary action.

Thanking You,

Yours faithfully,

  
Managing Director  
Kranti S.S.K.Ltd.Kundal
