**Subject: Suo-Motu proceedings for Verification and Compliance of Renewable Purchase Obligation targets for FY 2010-11 to FY 2013-14 by Obligated Entities (Other than Distribution Licensees)**

**(Case No. 101 of 2017)**

Ref: Re-validation Report submitted by MEDA vide letter no. BP/RPO Status/CR-116/2015-16/391 dated 30 January, 2016.

Sir,

Under the MERC (Renewable Purchase Obligation, its Compliance and Implementation of REC framework) Regulations, 2010 ('RPO Regulations, 2010'), the Commission has specified the Renewable Purchase Obligation (RPO) targets for Obligated Entities, i.e. Distribution Licensees, Captive Users and Open Access Consumers, in Maharashtra for F.Y 2010-11 to F.Y 2015-16. The RPO targets, specified in Regulation 7.1 are as follows:

Year	Minimum Quantum of purchase (in %) from renewable energy sources (in terms of energy equivalent in kWh)		
	Solar	Non-Solar (other RE)	Total
2010-11	0.25%	5.75%	6.0%
2011-12	0.25%	6.75%	7.0%
2012-13	0.25%	7.75%	8.0%
2013-14	0.50%	8.50%	9.0%
2014-15	0.50%	8.50%	9.0%
2015-16	0.50%	8.50%	9.0%

Regulation 5(5.1) specifies the following RPO applicability criteria for Obligated Entities:

Page 1

**“ 5. Obligated Entities**

*5.1 The minimum percentage as specified under Regulation 7.1 shall be applicable to all Distribution Licensees in the State of Maharashtra as well as to open access consumers and captive users within the State of Maharashtra, subject to following conditions:*

*(a) Any person who owns a grid connected Captive Generating Plant with installed capacity of 1 MW and above (or such other capacity as may be stipulated from time to time) and consumes electricity generated from such plant for his own use; shall be subjected to minimum percentage of RPO to the extent of his consumption met through such captive source.*

*(b) Any person having a contract demand of not less than 1 MVA and who consumes electricity procured from conventional fossil fuel based generation through open access as per Section 42 (2) of the Act shall be subjected to minimum percentage of RPO to the extent of his consumption met through such open access source.*

*Provided that the State Commission may, by order, revise the minimum capacity referred to under sub-clause (a) and sub-clause (b) above from time to time.*

*Provided further that condition under sub-clause (a) above, shall not be applicable in case of Standby (or Emergency back-up) Captive Generating Plant facilities.”*

The proviso to Regulation 11.3 specifies the RPO exemption criteria for Captive users and Regulations 11.1 to 11.4 sets out the provisions for compliance by Captive Users and Open Access Consumers:

*“11.1 Subject to fulfilment of conditions outlined under Regulation 5.1, every Captive User and Open Access consumer shall submit necessary details regarding total consumption of electricity and power purchase from renewable energy sources towards fulfilment of its RPO on monthly basis to the State Agency.*

*11.2 Captive User(s) and Open Access Consumer(s) shall purchase renewable energy as stated in Regulation 7.1 and accordingly shall enter into long term arrangement to meet its RPO obligations.*

*11.3 If the Captive User(s) and Open Access consumer(s) are unable to fulfil their obligation, they shall be liable to pay RPO Regulatory Charges as specified in Regulation 12.1.*

*Provided further that captive user(s) consuming power from grid connected fossil fuel based co-generation plants, are exempted from applicability of RPO target and other related conditions as specified in these Regulations.*

*11.4 Captive/Open Access consumer(s)/User(s) may fulfil their RPO through procurement of the Renewable Energy Certificate as provided in Regulation 8."*

Regulation 12 empowers the Commission to deal with shortfalls by Obligated Entities in meeting their RPO targets.

## ***"12. RPO Regulatory Charges***

*12.1 If the Obligated Entity fails to comply with the RPO target as provided in these Regulations during any year and fails to purchase the required quantum of RECs, the State Commission may direct the Obligated Entity to deposit into a separate fund, to be created and maintained by such Obligated Entity, such amount as the Commission may determine on the basis of the shortfall in units of RPO, RPO Regulatory Charges and the Forbearance Price decided by the Central Commission; separately in respect of solar and non-solar RPO:*

*Provided that RPO Regulatory Charges shall be equivalent to the highest applicable preferential tariff during the year for solar or non-solar RE generating sources, as the case may be, or any other rate as may be stipulated by the State Commission:*

*Provided further that the fund so created shall be utilised, as may be directed by the State Commission."*

In its Order dated 22 July, 2013 in Case No. 49 of 2013 regarding compliance of RPO targets by Captive Users and Open Access consumers for FY 2010-11 and FY 2011-12, the Commission stated as follows:

***25.[The Commission] directs all Captive Users and Open Access Consumers to fulfil their RPO targets for both Solar and Non-Solar for all Four years i.e. FY 2010-11, FY 2011-12, FY 2012-13 and FY 2013-14 cumulatively before 31 March, 2014. Thus, the Commission hereby relaxes/waives the provisions of Regulation 7 of the MERC (RPO-REC) Regulation 2010 for the year during FY 2010-11, FY 2011-12 and FY 2012-13.***

***26. The Commission also decides that no regulatory charges shall be applicable on Captive Users and Open Access Consumers for non fulfilment of RPO targets during FY 2010-11, FY 2011-12 and FY 2012-13 provided that the same shall be fulfilled on a cumulative basis as specified in the relevant sections of this order."***
