Appendix

Response to the queries received by the Hon'ble Commission via letter no. MERC/RE Cell/ RPO/ 2017-18/1272 dated 25.10.2018 related to verification of RPO compliance by MBPPL for the FY 2017-18, as specified under MERC (RPO-REC) Regulations, 2016.

- a) MBPPL should verify the RPO settlement details for FY 2017-18, as submitted by MEDA (copy attached as Annexure with this letter) and highlight discrepancies, if any, along with proper justification.

MBPPL Response: The final RPO compliance of MBPPL against the submission by MEDA along with justification is as per Annexure – I of this submission.

- b) MBPPL should submit the status of Solar, Non-Solar RPO compliance including Mini-Micro Hydro RPO Compliance as per the directives of the Commission vide orders in Case No. 174 of 2016 and Case no. 212 of 2017, along with detailed statement for project wise energy procurement in MUs from all Solar, non –solar including Mini – Micro Hydro, generating projects and project wise contracted Solar, non- solar RE Power Capacity including Mini – Micro Hydro projects during FY 2015-16 to FY 2017-18.

MBPPL Response: To fulfil the RPO compliance targets for the FY 2015-16 to FY 2017-18, MBPPL has procured equivalent amount of Non-Solar and Solar REC from the Power Exchange India Limited. Details of the purchase are as attached in the Annexure – II of this submission.

MBPPL is not in a position to bifurcate the Mini – Hydro compliance from Non – Solar compliance target as the fulfilment of purchase was done with REC purchase route offering Non – Solar certificate for renewable certificates of all the sources other than the solar energy.

- c) MBPPL should submit detailed list of actions and efforts undertaken during FY 2017-18 to ensure compliance of RPO targets in respect of Solar RPO, Non – Solar RPO and mini/micro hydro RPO for FY 2017-18.

MBPPL Response: MBPPL opted for REC procurement for the fulfilment of renewable purchase obligation as MERC (RPO- REC) Regulations, 2016 and accordingly REC (Solar and Non-Solar) have been purchased by MBPPL from time to time as per Annexure – II.

MBPPL would like to note that, we are unable to identify a source of hydro power/Mini Hydro power for such a small quantum of power requirement to fulfill mini/micro hydro power RPO.

d) MBPPL should submit the details for long terms REC procurement plan for meeting the RPO targets for FY 2018-19.

MBPPL Response – MBPPL propose to fulfil its RPO requirement through purchase of RECs form the exchange platform. In case of unavailability of the RECs, it is proposed to fulfil the same through purchase of renewable energy from the Sellers at the rate approved by the Hon'ble Commission.
