The Hon'ble Bombay High Court by its order dated 13.10.2011, interalia stayed the Maharashtra State Information Commission's order dated 14.03.2011 Adani Electricity Mumbai Ltd. being not a 'public Authority' as defined under the provisions of Section 2 (h) of the Right to Information Act, 2005. (Attached Order copy) Therefore, transfer of application under Section 6 (3) of RTI Act, 2005 is not required.

Ministry of Personnel, Public Grievances & Pensions Department of Personnel Training No. 11/2/2008-IR dated 10th July, 2008 mentioned that, "According to section 2(f) of the Act, 'information' means 'any material in any form'. A citizen, under the Act, has a right to get 'material' from a public authority which is held by or under the control of that public authority. The right includes inspection of work, documents, records; taking notes, extracts or

certified copies of documents or records; taking certified samples of material; taking information in the form of diskettes, floppies, tapes video cassettes or in any other electronic mode or through printouts where such information is stored in a computer or in any other device. Careful reading of the definition of 'information' and 'right to information' makes it clear that a citizen has a right to get the material, inspect the material, take notes from the material, take extracts or certified copies of the material, take samples of the material, take the material in the form of diskettes etc. The PIO is required to supply such material to the citizen who seeks it. The Act, however, does not require the Public Information Officer to deduce some conclusion from the 'material' and supply the 'conclusion' so deduced to the applicant. The PIO is required to supply the 'material' in the form as held by the public authority and is not required to do research on behalf of the citizen to deduce anything from the material and then supply it to him".
