### **Daily Order**

The Commission heard both Cases together as the issues are similar. The Commission heard Representatives of the Petitioner and Advocate of the Respondents.

The Petitioners have challenged the Orders passed by District Collector, Nanded. The Petitioner reiterated the submissions made in the Petitions. It stated that, at the time of erection of towers in the year 1990, MSETCL had paid compensation to the erstwhile owners of the land. Stringing of second circuit of transmission line was carried out in February, 2013.

The Petitioners stated that District Collector, Nanded, in his Order at paragraph 5, has wrongly mentioned that the Petitioner is ready to give compensation to the Respondents. The Petitioner has not made any admission or statement agreeing to pay compensation to the Respondents. It further stated that the Petitioner could not get hold of the expected documents regarding receipts of earlier compensation paid and land ownership documents from the authorities and was hence unable to file these additional submissions. The Petitioner sought one months' time for filing additional submissions/ Rejoinder, which is granted by the Commission.

The Advocate for the Respondents stated that the revision Petition is not maintainable as the grounds of revision are not made out by the Petitioner. He stated that the District Collector is empowered with discretion to grant full compensation for the loss of land owners.

**The Secretariat of the Commission will inform the further date of hearing.**
