Daily Order

Representative of the Petitioner stated that AAL applied to MSEDCL for reduction in Contract Demand from 2500 kVA to 1600 kVA on 17 August, 2015. MSEDCL sanctioned the reduction in Contract Demand but asked the Petitioner to bear the cost for additional check Meter and Energy Audit Meter at EHV Substation. However, the work of installation of additional check Meter and Energy Audit Meter at EHV Substation is beyond the scope of works to be executed or borne by the Consumer.

Representative of MSEDCL stated that it has informed the Petitioner that the material is not available with MSEDCL. Hence, MSEDCL requested the Consumer to carry out the works. The cost of such works would be reimbursed through energy bills.

Upon query of the Commission as to why it has not approached the CGRF, the Petitioner submitted that it had filed the Petition to sensitize Commission on the issue and to highlight non compliance of Electricity Act, 2003 by MSEDCL.

The Case is reserved for Order.
